

WASHINGTON -- Congressman John W. Olver (1st District) announced today that the House

Congressman Olver is a member of the House Transportation Appropriation Subcommittee and

“Intermodal Centers are the backbone of an efficient and accessible transportation system,” Congressman Olver said. “This center will be truly “multimodal” connecting transit, Amtrak, and the Berkshire Scenic Railroad.

“I am pleased to have worked with Mayor Doyle, Berkshire Regional Transit Authority and DOT on this project.”

The total estimated cost of the publicly funded component of the Pittsfield Intermodal Transit Center is estimated at \$10.5 million.

During last year’s appropriations cycle, Congressman Olver was able to secure \$4.6 million for the project.

Congressman Olver has, and will continue, to work closely with Senator Kennedy to ensure that the project is completed as quickly as possible.
